Application No. 10/631,364

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The date of assignment Chu et al is 7/13/2004 which is after the filing date of the current application. Therefore, the two applications were not comenly assigned at the time of filing. An amendment disclaiming "coating" such as ," wherein the casing is not a coating" would the Gellman et reference, but would raise new issues and require further search and/or considerations. A question remains regarding the priority date for a "sleeve" that is not a coating in the Chu et al reference.
